

Dear Parent/Guardian,

The Plattsburgh City School District will offer the 21<sup>st</sup> Century Learning Center Program at A.P. Momot Elementary, Oak St. Elementary, Bailey Ave Elementary and Stafford Middle School, as well as the Ted K Center. This program builds on 4 years of providing after school activities that seek to promote and increase student academic enrichment and achievement, increase positive youth development and increase family empowerment. All program activities are open to all elementary and middle school students.

Along the way we will need to gather information and data about how participating students grow academically; gain in social behavior skills and self-concept; and how parents are engaged with the program. Some of the data we will need to collect will include your student's grades, grade level standard testing information, disciplinary referrals, simple satisfaction surveys, and recording participation information. In all cases, this information will be added together at the grade level for your student. No individually identifiable information will be used in reports or publicly released. Similarly, from time to time we will need feedback from you as to how your student is reacting to the programs and services provided by this program as well as your perceptions of the program and its many activities and services.

It will be an exciting program again this next year and we look forward to your student's participation.

Please sign the consent form below acknowledging that information will be gathered and used during your student's participation in the program

Thank you,

Diana L. Lavery  
Project Coordinator  
21<sup>st</sup> Century Learning Centers

I have read that information and data will be gathered during the 21<sup>st</sup> Century Community Learning Center program and grant permission to have my child participate in 21 Century Program related activities. No individually identifiable information or data will be used.

The project will be collecting photographs to use on the 21<sup>st</sup> Century website or in written materials, such as newsletters or local newspapers. I give permission for my child's photo to be used in written materials, such as newsletters or local newspapers and to be used on the *21<sup>st</sup> Century website*.
